All prices include VAT

- You decide when you want to record – fixed times or booking session by session.
- A technician is not required unless you want help getting started.

SOUND DESIGN, EDITING, AND COMPOSED MUSIC

We're happy to help you add sound design and music to your podcast. Pricing depends on the size of the project. Just get in touch, and we'll have a chat.

PRACTICAL INFORMATION

Recording a podcast with us is easy. The podcast studio is fully set up, and when you book, you'll get access to the control room and studio with a mobile key.

Book our podcast studio

THE EASIEST WAY TO CREATE A PROFESSIONAL PODCAST

Creating a podcast obviously requires great content, but just as importantly, high-quality sound and visuals. Listeners are becoming increasingly discerning and will quickly tune out a podcast that isn't pleasant to listen to.

We can't help you with the content, but we promise top quality on everything else.

With us, you can book regular time slots in our own podcast studio, equipped with all the technical gear you need for live streaming, audio, and video.
