THE MOST COST-EFFECTIVE WAY TO ADD STRINGS TO YOUR SONG

Good musicians and studio rental can be expensive. Now you can book a spot in our group recording sessions and only pay for exactly what you need.

At Mobula Music, we have our own orchestra, Nordic Film Strings, with experienced musicians who will record exactly what you want. We specialize in film music and string arrangements for songs in all genres.

We're happy to assist with arranging in collaboration with you. You'll receive a digitally produced demo for approval before the recording session.
